Weekly Radio Series "Board of Education Report"

Trustee Schumacher agreed to develop with Mr. Elzay the plans for future broadcasts for the weekly radio series. Interview formats and on-location broadcasts are among the possibilities to be reviewed.

Racial Distribution Report

The Board agreed with Trustee Withey's suggestion that the Racial Distribution Report needed attention of the Board as follows:

1) a statement of the problem(s) as viewed by the Board, 2) establishment of a schedule for action, 3) consideration of specific proposals, and 4) consideration of the costs of the proposals. Trustee Withey agreed to draft a statement of the problem for the Board's review. The Administration was asked to begin the compilation of costs.

The Board granted a request from station WOIA for permission to broadcast live the meeting at Jones School on July 15.
